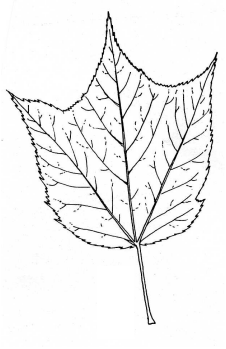
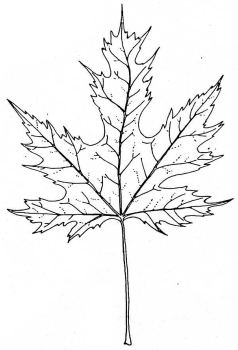
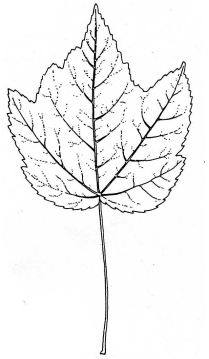
Striped Maple



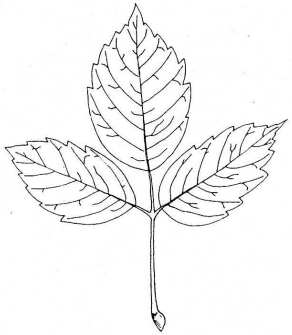
Silver Maple



Red Maple

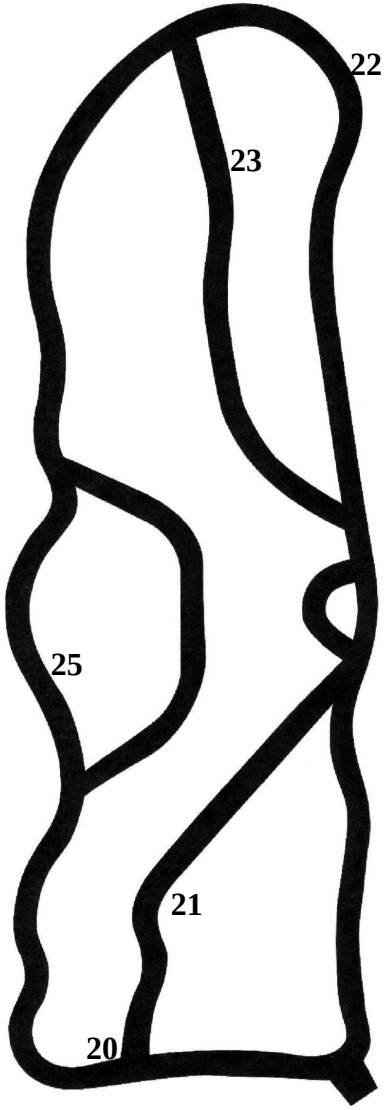


Box Elder Maple



Sugar Maple

Meander through the Mighty Maples



Entrance to the arboretum

15 maple trees are planted in the arboretum. There are 5 different species in the arboretum. Follow the map to the location of the maple trees. In order to identify each species of maple, you will need to match the trees (which are lettered) with the leaf picture. Put the number of the species in the box next to the picture of the leaf.
