# – **Critically Important:**

- BHS does not send test scores. You have to order score reports from College Board (SAT) and ACT.
- There is no specific order to the application process. You can submit your application before your transcript, recommendations, or test scores have been sent, or vice versa.

# – **Critically Important:**

- **Transcripts and counselor recommendations are sent together. This explains the delay. Do not panic.**
- **Do not ask for more recommendations than you need. Plan out which recommenders will send to which colleges and assign them correctly in Naviance.**

- **Click “College Visits”**
- **Click “Register Now” next to the college**
