FCC Dual Enrollment - Latin 101 & 102

This was the first year 9th graders were able to take a FCC Dual Enrollment course at BHS and it was a HUGE success! Many were concerned it would be “too hard” but the course is modeled after the SAME curriculum as traditional Latin 1, taught by the same teacher - you can do it!

- *Improve SAT scores by improving the understanding of English and vocabulary*
- *Study of Gladiators, Mythology, Roman food, government, architecture and culture*
- *Improve English grades by understanding the English language (and other Romance languages - Spanish, French, Italian - ALL derived from LATIN!)*
- *Have you already taken Spanish? Awesome - that will help! Spanish was derived from Latin!*

Email teacher, Stacey Bentley, with any questions about the course!
