Name of Parent/Legal Guardian

Name of Student

bring a personally owned computing/networking device (hereafter "device") for instructional use in Frederick County Public Schools (hereafter "FCPS").

My signature below acknowledges that I agree to allow my child to use the device and that FCPS is not responsible for any device or data loss, theft, damage or other associated costs of replacement or repair incurred during the school day or at home as a result of participation in this program. I understand that FCPS staff will be unable to store, support or troubleshoot student owned devices.

Device Permission Form

FCPS uses technological measures such as filtering to promote Internet safety. Filtering limits students' ability to access harmful Internet sites from any device connected to the FCPS network, but only when this equipment is used in school on the FCPS network. Access through cellular networks does not provide the same measures of filtering. Students should only use the FCPS network (not private cellular service) for Internet access while on FCPS property.

Device Permission Form

I understand that the purpose of allowing my child to use his/her device is to participate in teacher-approved activities and for educational reasons in support of FCPS curriculum for instructional purposes, such as keeping track of classroom assignments, research and other related class activities. Consequences will be imposed in accordance with FCPS regulations governing student behavior ([Regulation 400-8](#)) and acceptable use of digital networks and online resources ([Regulation 400-73](#)).
